रोगानशेषानपहंसि तुष्टा रुष्टा तु कामान् सकलानभीष्टान् ।
त्वामाश्रितानां न विपन्नराणां त्वामाश्रिता हयाश्रयतां प्रयान्ति॥

Goddess ! When you are happy, you destroy all diseases and when you are angry, you destroy all the desires. Your devotees do not suffer from any kind of trouble but infact take care of those in trouble and need.

Seeking divine intervention

This year ,with the severity of the second corona wave the members of the Sindhi Seva Samiti performed Ashtami Homa on April 20th 2021 for the well being and good health of mankind.

Humane initiatives of Sindhi Seva Samiti during the tough times

Sri. Madan Doulatram
President
Sindhi Seva Samiti and
Sindhi Group of Educational
Institutions

Dear members of the Sindhi Seva Samiti, staff, parents and students,

Hari Om, Radheyshyam, Greetings to you all from Madan Doulatram, President Sindhi Seva Samiti, and the Team of Office Bearers of our Educational Institutes.

Our parent body, Sindhi Seva Samiti, established in 1956-57, has been integrating the diasporic community settlers in Bangalore by conducting various social, cultural and philosophical activities. This apart, as a pay back to the Karma Bhoomi of Bangalore to the migrant Sindhis post partition of India, Sindhi Seva Samiti has established various Educational Institutions

imparting Education from Nursery to Post Graduation, housing more than 6000 students irrespective of caste or creed; as also offering liberal freeships and scholarships to the deserving students. It is a glowing testimony to the goodwill generated by the Samiti that beginning with a single school at KK Road, the Sindhi Seva Samiti today has seven institutions under its umbrella. The parent community, our talented students and the dedicated teachers have been instrumental in translating the vision of our founders into reality.

During the Covid pandemic, the Samiti has undertaken various initiatives to support humanity and mankind; one such initiative is providing meals to the Covid afflicted families. This project is a collaboration between Sindhi Seva Samiti and Shraddha (a group of volunteers who are doing charitable service for over two decades now).

Meals at your doorstep:

We provide vegetarian meals, along with fruits and masks, Free of Cost. Considering the noble cause undertaken by us, Swiggy Genie allows the patient to book pick up meals from our kitchens at a cost of just One Rupee per delivery. To support our endeavour, we have as many as 7 kitchens across the city which cook homemade food, with an emphasis on balanced nutrition which is required by patients recovering from COVID. A poster is enclosed to enable people from various localities and areas. However, the supply is not restricted to these areas only, people from surrounding neighbourhoods, too can avail this facility. We specifically serve COVID affected patients. At times they are too weak to cook or the entire family may be laid low. Our intention is to work for the good of society. The programme was embarked upon 10 days ago, and am happy to mention that in this short period, we have served 6000+ meals across the city of Namma Bengaluru.

Oxygen Micro Centre:

In continuation with our unique endeavours, I am really happy and delighted to announce that an Oxygen Micro Center, has been set up in our GJ Hall at Hebbal by NGO - Lodge of Light to cater to the O₂ needs of the patients of Ward 7, during the golden hour. This facility will be operational from Sunday, 16th May 2021. Incidentally, I feel proud in mentioning that we were covered by Media and Press and the same was telecast in various news channels.

The initiative was graced by

- 1) MLA of Yelahanka – Mr. Vishwanath
- 2) Deputy Commissioner of Police, Mr. Bheemshankar Guled

They were all praise for the arrangements and the unique initiative of our Samiti.

Friends, at the Navratra Pooja every year, the revered Maharaj Swamis performing the Pooja mention about our esteemed Samiti being a Kalpa Vruksh, The Tree of Life that emerged from the Ocean during the Samudra Manthan. I am happy that we are doing our best to live up to our image of Kalpa Vruksh.

The situation across the Country, is such that we have to rise above our mundane thinking, implement certain out-of-the-box initiatives and serve the humanity at large; and I am happy to state the Office Bearers of our Institutions, the Managing Committee and all members have been emboldening me in taking path breaking decisions, thus revealing the humane face of our esteemed Sindhi Seva Samiti to the society at large.

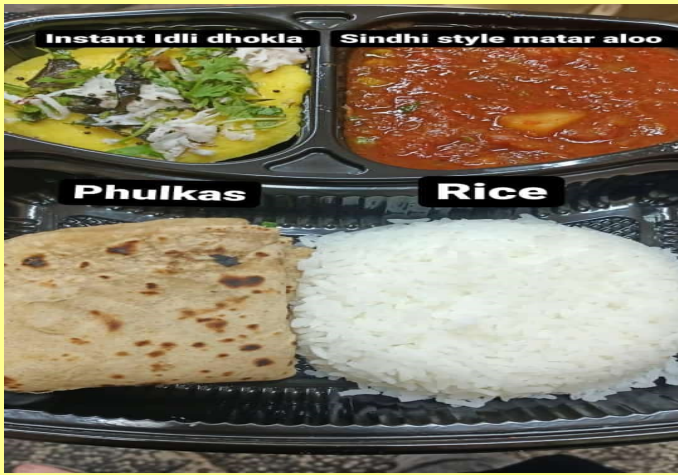

God Bless, Asro Guru Jo, Stay Home, Stay Safe !

With best regards,

Madan Doulatram

President – Sindhi Seva Samiti and Sindhi Group of Educational Institutions

Restoring faith in humanity goes a long way...

Eat, Pray, Serve, Repeat...

It is aptly said that **“Humanitarians are always to the rescue”**. Sindhi Seva Samiti and Shraddha (group of volunteers who have been doing charitable service for the last many years) have collaborated in order to provide a sumptuous nutritious meal to the families and patients affected by COVID-19. They provide vegetarian meals free of cost, with a fruit and masks, too. Their tie up with Swiggy Genie allows the patient to book and pick up meals from their kitchens at the cost of a rupee. 7 kitchens have been set up across the city which cook homemade food with an emphasis on balanced nutrition which is required by patients recovering from COVID. They have served 6000+ meals in the last 10 days, and ensure the constant aid that is needed by society today.

total dedication

Sindhi Seva Samiti

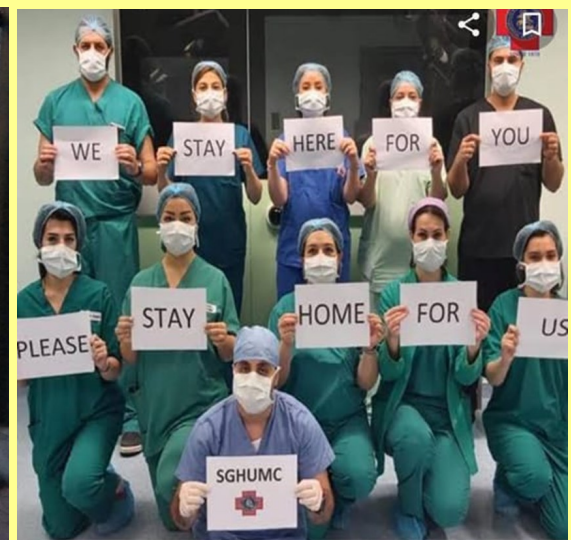

भोजन की सेवा मनुष्य जाति की सबसे बड़ी सेवा है । स्वस्थ भोजन का सेवन करें अपने जीवन को सेहतमंद रखे । स्वस्थ जीवन अनमोल है ,नहीं इसका कोई मोल है

The current scenario has seen desperation amongst patients and their relatives in a last ditch effort to find oxygen. In a bid to help society, Sindhi Seva Samiti with CV7 (Civil Volunteers Ward 7), a group of techies, have set up Oxygen Care Centre, an interim arrangement which provides oxygen till the patient/attendant finds a bed in a hospital. This facility is for patients aged between 18-70 years whose oxygen levels are between 88-92 SR.

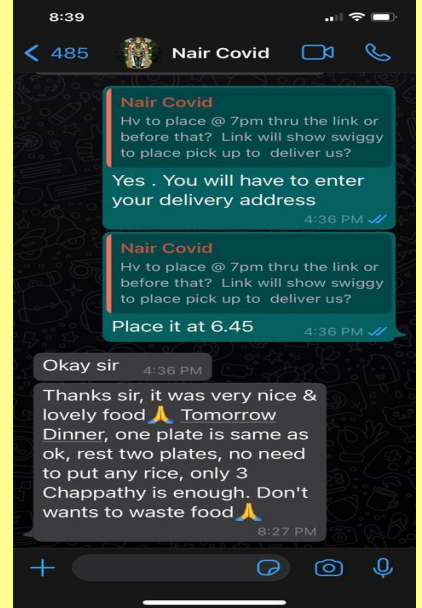

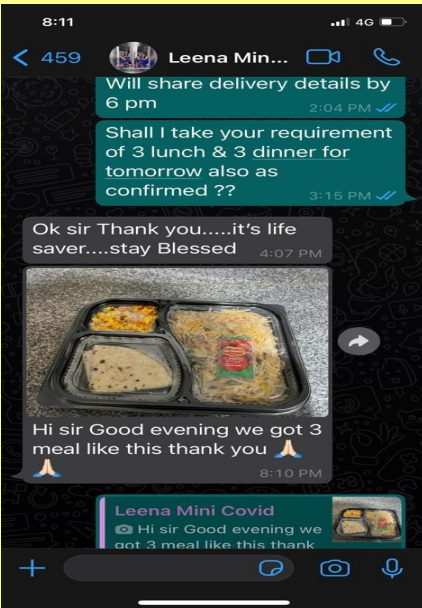

Peace begins with human service

“Small acts , when multiplied by millions of people , can transform the world.”

Howard Zinn
